Re: Parking Lot Safety Project Summary

The Arlington Heights Memorial Library engaged in a parking lot safety construction project, beginning in August. This project has been substantially completed, and I will be providing a project summary and wrap up report at the January board meeting.

 Re: XOXO Exhibit Costs

The Board of Library Trustees approved a total project cost of \$30,000 for our first exhibit of 2018, *XOXO: An Exhibit about Love and Forgiveness*, at their August 2017 meeting.

As the Programs and Exhibits department has been working out the logistics of delivery and installation, they have found the previously approved \$30,000 will not be enough to cover the rental, delivery, setup and installation costs. Due to the additional complexity of the load-in, the new estimate ranges from \$39,314 to \$43,407. We expect the actual installation costs to be closer to the low estimate, but are presenting the full range estimated. The Fairy Tales exhibit and installation cost \$40,000 for comparison.

There are a few reasons why the original requested amount was low for this project:

- The proposed and approved amount for the installation of the *XOXO* exhibit was based on the actual costs to install the Fairy Tales exhibit, \$10,000. The *XOXO* installation is turning out to be more complicated, requiring significantly more time to unload and setup.
- We used some library staff resources in the load-in of the Fairy Tales exhibit. For *XOXO*, we have opted to hire separate crews of professional movers and installers, due to size and complexity.
- The crates in which the exhibit will be delivered are larger than anticipated. While the majority will load-in through the dock, two require unpacking and delivery through the Dunton Street entrance, which adds time to the delivery.
- Because our storage space is limited, we have opted to store the exhibit crates offsite for the duration of the exhibit. This adds an additional \$1,816 to the project costs: \$880 storage (11 weeks) plus an estimated \$936 labor to transport empty crates out of and back into the library.

While exploration of the exhibit began in June 2017, it was not until we fully executed the contract on October 6 that we received the full Technical Manual which recalibrated some elements of load-in. As known costs began exceeding the approved \$30,000 budget, we presented Friends of the Library with an update and request to extend their previously approved up to \$15,000 contribution. They graciously agreed to fund 50% of the new exhibit costs, not to exceed \$21,703, at their January meeting.

The revised costs break down as follows:

Service	Low estimate	High estimate
Delivery (Action, selected by museum)	\$2,697	\$3,862
Movers (Atlantic, lowest quote of 3, includes storage of crates)	\$4,792	\$7,720
Installation/setup (Tom/Dwell, lowest quote of 3)	\$11,825	\$11,825
XOXO Exhibit rental	\$20,000	\$20,000
Estimated total	\$39,314	\$43,407
- Approved FOL Contribution (50%)	\$19,657	\$21,703
Revised AHML responsibility	\$19,657	\$21,703
Previously approved amount (minus FOL contribution)	\$15,000	\$15,000
Requested extension	\$4,657	\$6,703

final billing based on actual time

In light of this new information, I would like to provide some additional detail as to what to expect during the exhibition of **XOXO**, how it was selected, and its anticipated impact within the community.

Why XOXO: In selecting exhibits for the Arlington Heights community, it is important that we offer engaging experiences for all of our visitors, alternating exhibits that appeal most heavily to children and families with those that may engage older children, teens and adults. With our last play exhibit in January-March 2016, families have been eager to learn “What’s next?” Winter is a perfect time to offer a play exhibit providing families an outlet for play in the cold weather months, so we sought to identify one with themes different than past exhibits have offered (Dinosaurs, Math Midway, LEGO, Fairy Tale). This play-based exhibit supports our vision and values in a myriad of ways through skill development, inspiring understanding as we welcome, learn about, and develop empathy for others who may have different experiences than us, while also offering opportunities for the entire community to gather and learn around a community-building theme of love and forgiveness. The **XOXO** exhibit offers unique experiential play learning opportunities for skill development for a diverse range of ages in a variety of areas in an especially powerful way: it ties in multiple areas of child development with social/emotional learning and development. Skills that can be developed by attending the exhibit include gross and fine motor skills, imaginative play and creativity, cognitive development, cooperation and communication skills, and spatial relationships, while making concepts such as compassion and respect and their often complex accompanying emotions tangible and accessible for all learners at any stage of development. The chance to offer an exhibit about human emotions seemed a fitting follow-up to 2017’s Build a Better World summer reading theme, which parents applauded, thanking the library for reinforcing the importance of practicing kindness. We anticipate the community will welcome the theme, which introduces important conversations through collaboration, discovery, creativity and play – all skills we incorporate into our year-round programming, but which will now be on display to create broader awareness and community conversation.

Target audience: The target audience for the hands-on exhibition elements are children, toddler through middle school, and their families. Many of the activities will also appeal to teens and adults, and positioning some of the stations in Marketplace will leave open the possibility of all-ages interacting with them. We will exhibit the most playful elements in Kids’ World, enhancing the already creative and interactive atmosphere there.

Projected attendance: **XOXO** will be on display from January 20 to March 31. During the same time period in 2017, approximately 186,000 people visited the library. We expect to see an increase in total library visits over the same period in 2018 and estimate approximately 30% of our visitors will interact with the exhibit, designed to welcome interaction, in some way. We draw this conclusion knowing that in 2017, circulation of children’s materials comprised 39.6% of our annual circulation and children’s programming in the library comprised 45.6% of our annual program attendance. This implies similar traffic into Kids’ World, where families visiting choose AHML as a destination place to connect with their children through literacy and play. The 12 unique interactive components of **XOXO** will invite them to engage at each visit.

Fairy Tales observations:

- During its 9-week stay, January 15 to 180,398 people visited the library (a 10,723 person increase over 2015), with tens of thousands stopping in Kids World to engage in hands-on exhibit play.
- More than 2,500 customers of all-ages attended 50 fairy tale themed programs, and 2,119 kids were treated to exhibit-related activities with fairy tale volunteers

Measuring success: In an effort to collect feedback and most accurately estimate visitor engagement with the exhibit, we will utilize the following methods of data collection:

- **Exhibit volunteers collecting data – XOXO** Volunteers will fill two unique roles - Play Facilitator and Surveyors, with Surveyors capturing observations and counting interactions during 2-hour periods. This sampling will give us a general idea of the number of interactions that take place throughout the duration of the exhibit, while Play Engagement volunteers will share more anecdotal feedback.
- **Exhibit Response Wall** – One exhibit component asks visitors to create content by writing their answers to thematic questions on tags which are tied to a display wall. Previous museums hosting **XOXO** have found the Response Wall “exemplifies visitors’ willingness to engage with the topic and eagerness to participate.” (Children’s Museum of Pittsburgh Summative Report)
- **Custom XOXO program survey** – Attendees of all **XOXO**-themed programs will receive a hybrid program/exhibit survey via email. This will measure their satisfaction with the program, plus ask additional questions about their engagement with **XOXO**, if applicable. These will be launched via REV and sent to all customers registered to attend the 19 **XOXO** events.
- **Exhibit surveys measuring visitor satisfaction** - Three quick iPad survey stations will collect visitor satisfaction throughout the exhibit. This survey method contains one metric, rating the general experience of the customer through the selection of an emoticon. We expect this method to receive a higher participation rate than the full multiple question **XOXO** survey.

How much did you enjoy XOXO?

A full Summative Evaluation combining the learning from each of these measures will be reported at exhibit end.

Beyond the exhibit: In addition to the physical exhibit stations, staff will develop extension activities, interactive displays and thoughtful programming to welcome customers of every age to interact with themes of love and forgiveness in meaningful ways. Below is a list of the programs associated with the **XOXO** exhibit.

Community Engagement Initiatives

We will engage the Arlington Heights community, including visitors without young children, through two unique partnerships that reinforce the exhibit themes of love and forgiveness. They include:

- **Letter Writing** (Feb 1-10) – Three Letter Writing Stations will invite library visitors to share the love by writing letters to women newly diagnosed with breast cancer. This partnership with national organization Girls Love Mail will invite visitors to engage in a more passive way. Stations will attract participants of many ages based on their strategic placement in The Hub, Main Street, and at the Senior Center. (Feb 1)
- **Community Food Drive** (month of March) – A collection of canned good and non-perishable foods will encourage empathy and benefit the Wheeling Township Food Pantry.

We are monitoring responses to our promotions and will continue to use Facebook advertising through the event opening. Opening night will also result in word-of-mouth marketing to help exhibit attendance throughout March. All marketing messages will include recognition of the Friends support of the exhibit. Re: Arlington Heights Memorial Library Foundation Exploratory Committee

It is recommended an exploratory committee be convened to explore the opportunities an Arlington Heights Memorial Library foundation 501(c) (3) non-profit corporation can provide to the library. One of the major benefits of a library foundation is a structure of financial support through an array of revenue sources the increases community support and confidence. This may include high-level fundraising, donations, partnerships with major grantors, planned giving opportunities, endowments, and investment opportunities.

To begin the process, three community members will be identified to work with a library staff member to explore the need and feasibility of a library foundation including:

- Community stakeholders
- Foundation Board of Directors
- Operational structure of a library foundation
- IL SOS filing requirements
- Mission statement
- Revenue
- Fundraising

Suggested motion: **The Board of Library trustees approves the creation of an exploratory committee for an Arlington Heights Memorial Library foundation comprised of Shannon Distel, Acting Director of Customer Services and three selected community members.**

Diversity and Inclusion

Life, Animated inspires understanding of Autism

December's Wider Lens documentary, *Life, Animated*, tells the story of a young man with Autism and his family's unique journey. While previous Wider Lens films have elicited lots of attendee perspectives and personal stories during discussion, December's participants seemed to attend primarily to educate themselves on Autism. Since our selected facilitator works with young adults with Autism, she was the perfect expert to lead the conversation and answer questions stemming from this film. The audience was engaged and left with a greater understanding of Autism - a true example of Inspiring Understanding. One attendee summarized their learning as follows: "*This was a wonderful film, it really was. Because you never think of autistic adults, you never think about what happens to those kids when they grow up.*"

Community Involvement

As part of their end of year celebration, Info Services decided give back to the local community by collecting donations from Info Services staff for the local Journeys shelter. They delivered several boxes of food, personal care, and warm weather items.

Program News

Professor Moptop Returns

78 Beatles fans turned up to take a Magical Mystery Tour with WXRT's Professor Moptop, back by popular demand. He engaged the eager group of music fans for two hours, discussing the making of the *Magical Mystery Tour* movie and album to celebrate the 50th anniversary of its release. We were glad to see more men than turn out for most library programming, many staying to share stories and anecdotes long after the program ended.

5th Annual Holiday Movie Night

130 people gathered the Friday before Christmas to watch a winter family favorite: *The Polar Express*. In the spirit of family movie night, many families came in pajamas with stuffed trains and holiday stuffed animals and filed in along the train track (created with silver duct tape). Everybody relaxed with candy canes, popcorn and juice.

Cielito Lindo

The library hosted a new and local talent this month for the Saturday Evening Family Series. Cielito Lindo has been described as Chicago's version of the Von Trapp Family Singers. Juan Lucero and his six children ranging in age from 4 to 13 years, performed their favorite holiday and traditional mariachi music. Each child introduced their favorite song as well as the instrument they played.

Winter Reading Challenge 2018

The Winter Reading Challenge, which began Dec 18 and runs to the end of January is going strong. Kids grades K-3 are once again our strongest participants with nearly 500 stopping by to pick up a card and spin the wheel for a project to bring home. This year children can bring home supplies to make their own hovercraft, a pan flute, or a snowman. Tweens are participating in record numbers this year and picking up their weekly projects as well. Total participation is expected to exceed last year's total of 1,227.

District 214 Teen Parent Outreach

Youth staff from AHML and MPPL helped provide some fun storytime and play activities for students participating in District 214's Teen Parenting program which provides prenatal and parenting classes for parenting and expectant teens. At their holiday party, library staff provided parent and child activity playtime as well as shared songs and books with over 45 teens and their children. Santa and his elf were on hand to provide special surprises from Toys for Tots and students were also able to choose baby items donated by Northwest Community Hospital and books donated by AHML and MPPL.

Security

- The recommendation to have safety Bollards installed at the new walkway entrances, were installed in December. The recommendation came because 12 vehicles were recorded by Security, customers and staff driving the wrong way and onto the pedestrian walkway into the parking garage.
- During the month of December 2017 we had the least amount of suspensions and police calls for the past 10 years. With the Security and staff training for “See Something, Say Something” and building Emergency training refresher presentations that Dan and Mike presented library wide, staff has been very proactive reporting suspicious stuff to the Security staff. The library is working together to try and keep the library a safe place for customers and staff.

Specialty Info Services

- Tween Advisory Group members made fleece blankets for Project Linus, an organization that distributes handmade blankets to children who are seriously ill, traumatized or in need. Tweens enjoyed both working together to create the blankets and giving to people in need.
- School Services staff visited Ivy Hill for booktalks on December 7th and a teacher reported that they experienced triple the amount of sign-ups for their Lunch Period Book Club, thanks in part to our staff's efforts to promote and engage their students through literature.
“We nearly tripled the number of students that registered last year and I think that mainly had to do with you coming to the school along with some really great book choices this year.” -Ivy Hill staff member
- SIS librarians delivered a few classes including a few that were directed at our Business and Job Seeking communities: *Library Resources for Job Seekers* and *Pinterest as a Marketing Tool*. Additionally, all of the Swedish Genealogy research appointments filled again this month, making this an extremely popular Genealogy service to our customers.
- The entire library was very busy at the end of December as it was the first month that District 214 shifted the first semester Final Exams *before* the Holiday break. We saw over 1,000 teens walk in our doors for our *Final Exams Study Lounge*.

Staff Development

Professional Involvement

Jolie Duncan was accepted as a member of the ALA Post Selection Committee. This is a three-year term and she will work with librarians across the country in all types of libraries to organize and select posters for the ALA annual and Midwinter conferences.

Collection Services Open House

On December 7, Collection Services staff hosted a successful and well-attended Open House. Staff from other departments came to meet the Collection Services staff and learn a bit more about what they do. The informal one-hour event included a quiz, demonstrations of tasks and tools in Processing, a giant flowchart on “How an idea becomes a recat project”, and of course, food.
