Android Phone Basics

Prerequisite: None

In this two-session class, get hands on experience using an android-based phone or tablet. Get helpful tips for using standard apps like mail and internet.

Android Phone Settings

Prerequisite: Android Phone Basics

Learn how to view and change settings for your Android phone.

iPhone Basics

Prerequisite: None

In this two-session class, get hands on experience using an iPhone or iPad. Get helpful tips for using standard iPhone and iPad apps like Mail and Safari.

iPhone Beyond Basics

Prerequisite: iPhone Basics

In this two-session class, get hands on experience sending group text messages with special effects, scan documents, use maps and more in this next level class.

iPhone Settings 1

Prerequisite: iPhone Basics

Use Settings app to customize your iPhone or iPad display, manage your device and iCloud space, and check your iPhone battery health.

iPhone Settings 2

Prerequisite: iPhone Basics

Explore the privacy and security settings offered in the latest iOS version, add emergency contacts, and customize settings for Safari and other apps.

iPhone Photos

Prerequisite: iPhone Basics

Learn the basics of taking photos with your iPhone or iPad camera.

Windows 11 Essentials

Prerequisite: basic mouse & keyboarding skills

In this two-session class, learn to find and run programs on your computer and take advantage of Windows features to find, copy, download, and properly organize your files. This course is designed for those new to Windows as well as experienced users transitioning from an earlier version of Windows.
